

Questions Received from John Martin, Internal Security Division, Department of Justice:

Item 1:

Are there any items in the volume on the Diem coup (IV.B.5) which had not been publicly disclosed by 1969? If so, select at least two or three items which fit this category. For example, was [redacted] cover still in effect in 1969?

STAT

Item 2:

Check volumes IV.C.9(a) and IV.C.9(b), entitled "Evolution of the War, U.S./GVN Relations: 1963-67", for any mention of CIA agents or operations. Give us your judgment on whether the compromise of these agents or operations in 1969 (1) would have been useful to a foreign intelligence analyst in 1969, (2) could have been advantageous to a foreign country in 1969 or (3) could have been used to the detriment of the United States in 1969.
